

The GAP

Psalm #2

“Blessed are all who take refuge in him.”

Greetings,

As we sit in our present self-isolated refuge (our homes are a place of safety) we have the time to ponder a question on everyone’s mind. Where is God in this time of uncertainty, anxiety and fear?

We, in the United Church, believe that we are not alone, we live in God’s world. As followers of Jesus Christ our faith invites us to love and serve others. Jesus’ entire ministry was one of service and assuring us that God loves us. You are, through his example, living his mission in this time. There is no doubt that we are serving others by respecting the guidelines set out by the Government for all to be safe. We acknowledge that it is difficult and troubling to physically distance from one another but, by doing so, we are showing our love for our neighbor.

Take this time to be grateful for what we have in Canada right now. People are on the front lines working so that we have our essential needs - food, medical assistance, technological resources and so much more.

Take refuge in the One that shows us true love. We are blessed indeed!

Be well, Rev. Linda – Grace United supply or GAP minister
